The previous Office Action has been withdrawn due to applicants' persuasive argument.

Reasons of Allowance

1. The following is an examiner's statement of reasons for allowance:

- the rejection of claims 4-5 under 35 USC 112, first paragraph, has been withdrawn due to applicants' persuasive argument in the amendment.
- the rejection of Claims 4-5 provisionally under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-4 and 7-8 of copending Application No. 10/095,633 or 09/928,020 has been withdrawn due to the modification made in the amendment.
- the rejection of Claim 5 under 35 U.S.C. 102(a) as being anticipated clearly by Komada et al (U.S. 6,043,186) has been withdrawn due to the modification made in the amendment.

Komada et al discloses an ammoxidation catalyst comprising a compound oxide represented by the formula : $\text{Mo}_{1.0} \text{V}_{0.34} \text{Nb}_{0.14} \text{Te}_{0.24} \text{Sm}_{0.013} \text{O}_n$.

The instant invention, however, differ from the prior art reference in that the claimed empiric formula contains Ir, which is absent in the prior art. The prior art references do not even

remotely suggest the aforementioned modifications. Unless all limitations of the claims are met, there is no prior art rejection. See In re Zurko 59 USPQ 2d 1690 (Fed Cir. 1991) and In re Lee, 61 USPQ 1430 (Fed Cir. 1991).

Therefore, applicants' claimed subject matter would not have been obvious to the person with an ordinary skill in the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning the communication after allowance such as sending all post-allowance correspondence should be directed to "Box Issue Fee" or faxed directly to PUBS at 703-305-8755. This will expedite the process of these papers.
